

DIGITAL FLEET WE'RE SUPPORTING PMG TO KEEP VULNERABLE PEOPLE MOVING

PMG and its challenges

800 vehicles dedicated to keeping the most vulnerable on the move

PMG assists organisations to support vulnerable people, people with disabilities and older people, to be mobile - all with a fleet of 800 specialist vehicles.

PMG is a Benefit Corporation which, along with corporate profit, pursues social, solidarity and sustainability goals.

Knowing where it's vehicles are. Right away. At all times

PMG's service users are vulnerable, so they needed a service that helped them to keep

“

Managing a large fleet of 800 vehicles, for our vulnerable service users, we need continuity and stability.”

Marco Accorsi
PMG Vice President

their vehicles moving, spot if there's an issue quickly and reduce any risks - all in real-time.

People, family members or care givers

- Book by phone, on the portal, with the app or by email
- Know where the vehicle is, on each stage of the journey

Drivers

- Are given trip and route plans
- Keep in touch with the Service User and Operations Centre by app

Operations Centre

- Receives and organises service requests

Service Provider

- Receives detailed and customisable services reports

Everything is managed under-one-roof by uCarer IT which exchanges information safely with the Vodafone Business Fleet Analytics solution.
